AMBIENT

Ambient is an organization that is dedicated to the initiation of immediate constructive action directed at finding viable solutions to the severe environmental crises which face us, the inhabitants of the planet earth, today. Secondly, and perhaps more important, it is engaged in attempts to make the community and general public more aware of the environmental crisis in its entirety- that is to present the concept of one Earth made up of systems and cycles which are totally interrelated. Through this community awareness, Ambient hopes to encourage a change in the public's attitudes and a new style of living in accordance with the delicate balance of nature; ecologically sane behavior in everyday living.

CATHEDRAL First row: Mr. Mena, Passanisi, Suarez, Howery, Ow, Leahy, Gogin, Kure, Logan, Tominaga, Byrne.

"Ignatian men are those who strive to perceive those deeper and sweeping realities in the ebb and flow of current events in their own lives and in the larger society sround them. In one sense they are dreamers, utopians, who dream of the possible, and of the more than possible. But they are also men of action, men who will confront the issues of their day, take a stand." (J.S.E.A. Preamble)

S.I. Outbound projects two dimensions; the voluntary tutorial program and the academically accredited Sociology II. (The 164 students enrolled in Sociology II are not pictured.) Both are attempts to personally involve students in contemporary social problems, to experience education outside the classroom, and to serve the community in which they live.

St. Theresa's: Athanasiou, Phillips. St. Charle's: Mr. Lindner, S.J., Byrne, Chicca.

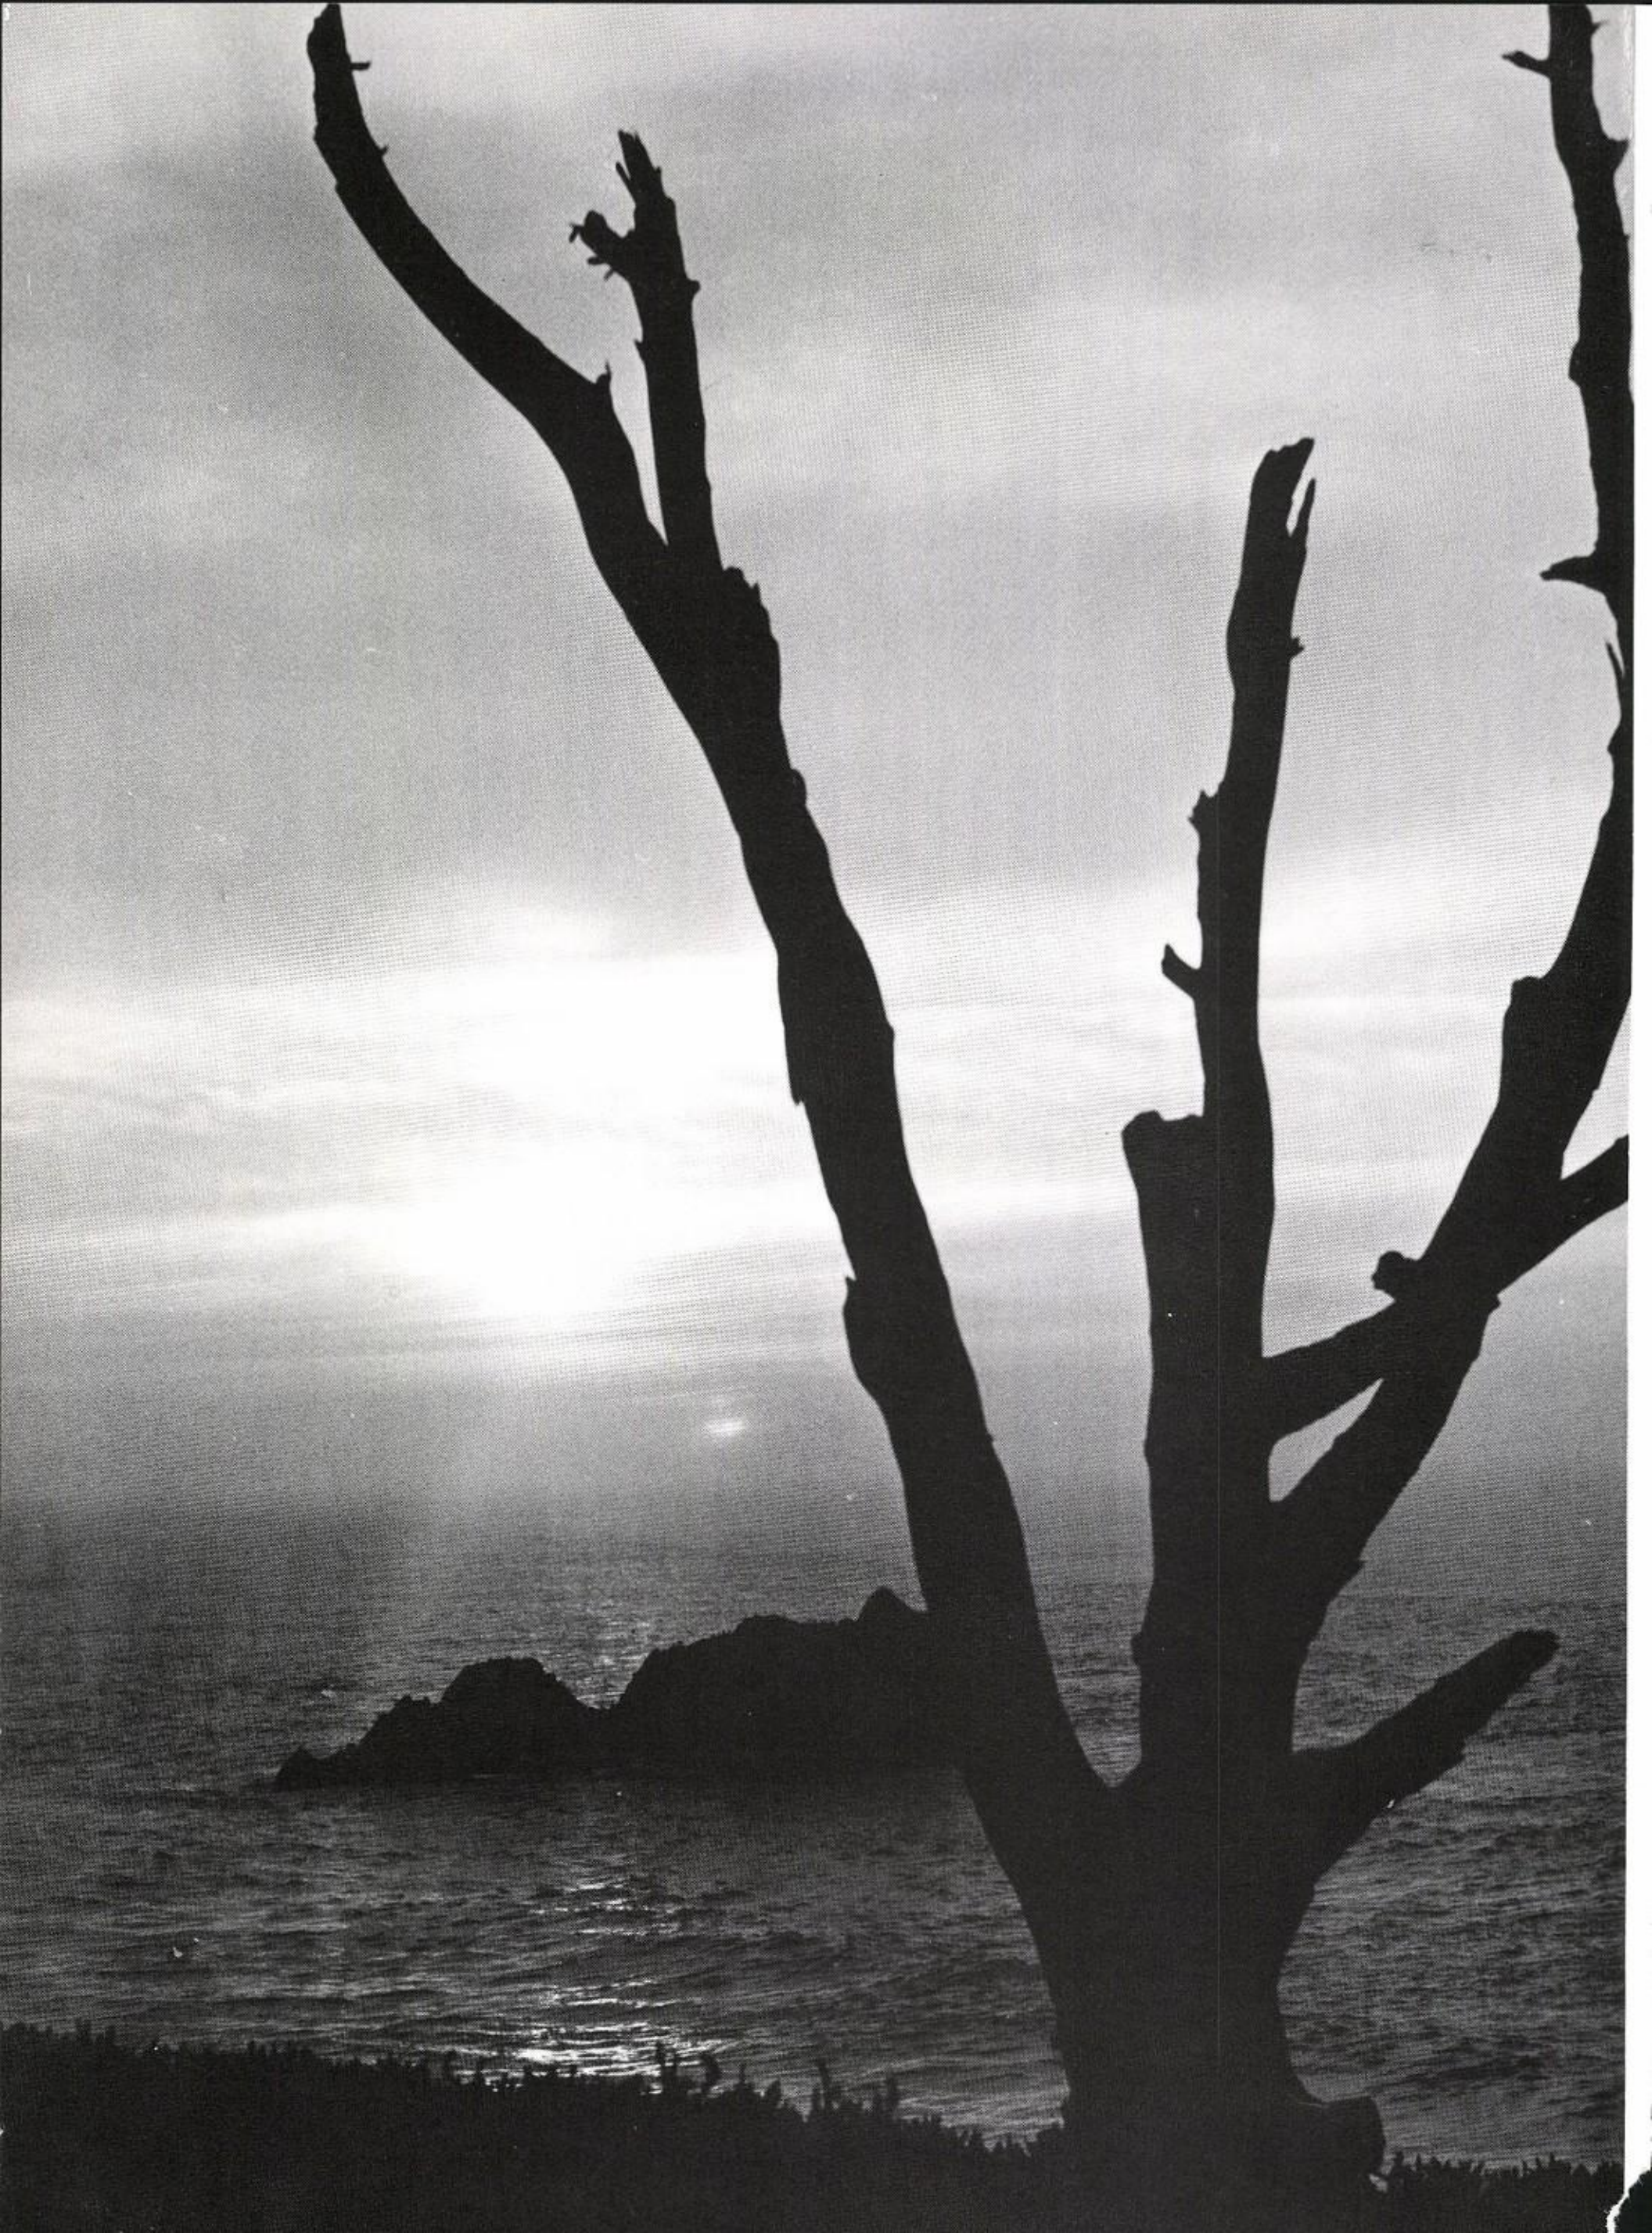
This page marks the end of this chronicle of the year 1972-1973. Much was accomplished this year by S.I.'s various sports. The Varsity Football Team came from a disastrous 1-7 1971 season to a 8-2 1972 season that rivaled Riordan's W.C.A.L. title. The Varsity Basketball Team, led by Tom Portman, made it into the playoffs, but didn't quite play their way into the title. The Varsity Soccer Team recieved the title they barely lost last year. They didn't stop there, however, they went on to take the Regional title as well as the W.C.A.L. title. The Varsity Track team had little trouble capturing the W.C.A.L. title this year - a repeat of last year.

In the world of Student Activities this year there was exactly that-activity. STBP Bill Slattery fought student apathy on the Raffle Drive this year. His goal was every student selling his quota. If that goal had been reached, the Commons was to have been remodeled. However, the student body failed to measure up to Bill's expectations, and the Commons was not remodeled.

Also this year, Bob Lalanne (Student Body Sergeant-at-arms) organized the finest Intramural program that this writer has seen at S.I. Bob deserves more credit than he recieved.

Also this year were the beginnings of several new student organizations. These included the Surfing Team, the Ping-pong Club, the Radio Club, the Ski Club, The Spanish Club, the Irish Students Union, and others.

To try and recap the whole year in words on this one page is unrealistic. The purpose of the yearbook is to recap the year in pictures. INSIDE S.I. did a fine job this year of reporting the news, trends, and thoughts of the student body. I suggest that the reader's collection of INSIDE S.I.'s be used to read about this year of 1973, while the IGNATIAN '73 should be used to see the year.

It is at this time that I, as editor, would like to express my appreciation and graditude for the work the IGNATIAN'73 staff did to produce this permanent souvenir of the year 1973. There are many who deserve thanks for their help, more for some than others, but any help was and is deeply appreciated.


Paul Formosa
Editor-in-Chief IGNATIAN '73
